HUBS Region by Region

Cultivating Communities Close to Home

QUIET PROCESSES • SMALL CIRCLES • LASTING FORMATION

What is a VP3 HUB?

We believe people are formed through presence, meaningful relationships, and paying attention to where God is already at work.

That conviction is at the heart of every VP3 HUB. A HUB is more than a strategy or a series of events: it's VP3 showing up in a region, bringing people together, and making room at the table for leaders who long to grow deeper and help others do the same.

What does this look like?

GATHERING

Bringing longtime VP3 friends together with those just discovering our work through Facilitator Retreats, Gatherings, Formational Conversations, and other opportunities to learn and connect.

COLLABORATING

Strengthening existing partnerships and cultivating new ones with local churches, pastors, ministry leaders, and organizations who share a commitment to the slow work of formation in Christ.

CULTIVATING

Creating space for meaningful relationships, honest conversations, mentoring, and spiritual friendships that encourage ongoing formation over time.

Where are we headed?

Relationships and collaborations are already taking root in Kelowna, BC, Northern California, Indianapolis, Chicagoland, Waterloo/Cedar Falls, IA, and Detroit, MI.

We hope to establish **12 regional VP3 HUBs over the next 5 years,** cultivating communities where leaders can be known, encouraged, and equipped for the formational work God has entrusted to them—right where they live and serve.

Why your partnership matters

Establishing a HUB is more than hosting an event. It requires VP3 to have an ongoing commitment to relationships, local collaboration, and a meaningful presence over time. Your financial partnership helps VP3 establish, develop, and sustain these communities, creating space for long-term formation in Christ.

Together, we can make room for deeper relationships, meaningful collaboration, and lasting formation—region by region.
